

10km Route Description Power Stations and Overview Map

The JUST WALK 10km route provides a variety of terrain and takes in two of the best villages in West Sussex. We start this walk on the lanes to the east of Goodwood. At 2km we head north with a little ascent to East Dean and to the first of two power stations. The route then splits from the 20km route at East Dean and onto the rolling parkland slopes of Court Hill before turning south and re-joining the pathway of all the other routes in the forestry heading down the lane towards Charlton and the second power station. We then continue to the village of Charlton after which we make a short ascent onto a bridleway and join to edge of the racecourse. Here we have our first glimpse of the finish. The path then meets the road and takes us along the final stretch into the grounds of Goodwood: time for a well deserved cheer and lots of congratulations!

Stop #	Location	Distance from last (km)	Acc distance (km)
1	East Dean	3.20	3.20
6	Charlton Lane	2.70	5.90
