

## Guess the scent with Ronnie Rabbit

See how to create a really easy game of guess the scents! I have made some suggestions below, but you can use whatever scents you like. One person will need to make up the jars and test their friends and family.

### You will need:

- A minimum of 6 jars (but have as many scents as you like)
- 6 different scents to put in the jars for example, lemon, basil, honey, coffee, vinegar and cinnamon. You can use whatever scents you like.
- Newspaper
- String
- Pen or pencil
- Paper to write your answers down

### How to play

1. Fill each jar with a different item/scent, cover with the newspaper and tie string round each jar so you can't see what's inside.
2. Tape some newspaper to the top of each jar and then poke a few holes in the top with a pen/pencil so you can smell what's inside but still can't see (make sure you remember/write down which item is in which jar).
3. Ask each contestant to take it in turns and guess the scent, ask them to write it down on the paper.
4. Reveal which scents are which and see how many you got right!
