### Complex Discharge Planning Meeting Template (Appendix A2)

Guidance note: Discharge planning meetings should be documented on a clear template that can be circulated as minutes following the meeting. A key professional managing the discharge should be identified. This may be a discharge coordinator or another key professional. This person should take responsibility for completing the form and ensuring that actions have a designated person to complete them. Minutes of the meeting should be shared with the family and relevant professionals/ services following the meeting.
