

# HANDPRINT MENORAH CRAFT

Celebrate Hanukkah with your very own handprint menorah!

## You'll Need:

- The menorah template
- Blue washable paint
- Yellow or orange paint/crayon/felt-tip pen
- A paintbrush or sponge
- A paper plate or tray for the paint

## Steps:

### 1. Get your paint ready!

Pour some paint onto a plate or tray. Make sure it's spread out so you can dip your hand easily.

### 2. Stamp your handprint!

Press your painted hand gently above the menorah base on the template. Lift your hand slowly so the print looks nice and clear.

### 3. Do it again!

Wash your hand, then paint the other hand and stamp it on the other side of the menorah. Now you have two sets of candles!

### 4. Add the flames!

Use yellow or orange paint (or crayons/felt-tip pens) to draw little flames on top of each finger.

### 5. Let it dry!

Put your masterpiece somewhere safe to dry. Then show it off- it's your very own Hanukkah menorah!

**Tip: You can decorate the banner at the top with glitter, stickers, or extra colours to make it shine!**
